

## Children's Behavior Problems: Brief Office Interventions

Physicians and their staffs are well positioned to support parents in addressing behavioral problems. In this module of the EPIC program, you will learn in-office strategies for addressing problem behaviors and supporting parents in maintaining perspective and managing their child's behaviors, as well as how to handle cases that require referral to behavioral health professionals.

The *Children's Behavior Problems: Brief Office Interventions* module is provided through the Educating Practices in the Community (EPIC) program. A professional trainer will visit your practice at a time that is convenient for you and provide a brief presentation to you and your entire staff on this topic.

### Presentation Objectives

- Learn how to coach and empower parents in managing behavioral issues
- Learn how to identify problem-solving strategies for behavioral problems within appropriate developmental themes
- Learn how to encourage interdisciplinary collaboration among office staff and with outside consultants and schools to address patients' behavioral health issues

### EPIC provides:

- Resource materials
- Lunch or snack
